

BetaMax

Immune modulator containing clinically researched Wellmune® beta glucans

Pack Size: 150g oral powder.

Serving Suggestion: Take 5g (approximately 1 heaped teaspoon), 1–2 times daily. BetaMax can be taken in water, juice or sprinkled over food.

Storage Guide: Store below 25°C in a cool, dry place.

Often used in conjunction with:

- Vitamin C range
- Imrex®
- BicoZn®

BetaMax contains Wellmune®; a *Saccharomyces cerevisiae* extract standardised to contain beta 1,3/1,6 glucan. The biological activity of Wellmune® has been demonstrated in numerous clinical studies.¹

Contains Wellmune®; a unique β-1,3/1,6 glucan structure with specific biological activity. WELLMUNE® is a registered trademark of Kerry Group.

Product Highlights
